

For all couples from ages 20 to 40

- *Jesus changed the world one life at a time and we are privileged to continue His vision - one family at a time.*
- *Enjoying the love of God being unleashed through the marriage, family, and its members.*
- *Encouraging the communication of the Holy Spirit strengthening and giving significance to every family.*
- *Providing a united vision that reaches beyond individual families towards other churches, peoples, and nations.*

Victory Family Ministries: Vision Statement

Family ministry utilizes group, team, and individual relationship building to strengthen families, parents, children, and marriages in Biblical, joyful living for the glory of God. Families consist of any small group of individuals that are united by blood, marriage, covenant, friendship, or love for Jesus Christ. Family ministry passionately endeavors to share the love of Christ through personal evangelism, mentoring, role modeling, fellowship, deliverance, counseling, and discipleship. With team concepts we desire to demonstrate God's grace, compassion, and healing restoration through the power of the Holy Spirit. As families are strengthened we trust God to continually empower them to impact the world for Jesus Christ and continually promote a safe and Godly society.

- *Jesus changed the world one life at a time and we are privileged to continue His vision - one family at a time.*

Victory Family Ministries: Mission Statement

We believe God invented the family and that marriage is between one man and one woman. It is through the family that God enhances the world, His children, and His church. As iron sharpens iron, we believe that the family is ordained by God to hone its members into the full knowledge of the Godhead. We actively pursue family salvation through Jesus Christ and His fullness promised to every believer. The family is representative of the church by:

- The love of God being unleashed through the family and its members.
- The communication of the Holy Spirit strengthening and giving significance to every family.
- A united vision that reaches beyond individual families towards other churches, peoples, and nations.

Family ministry has four primary focus areas: Loving, serving, equipping, and empowering the family to achieve God's purpose on this earth. We believe a strong family is directly responsible in creating a strong church, a strong community, and a strong nation in partnership with the authority, power, and grace of God. Family ministry is committed to transforming the world by the Word of God one family at a time.

- *We live to serve our family and by serving our family - we live!*
